**Presented survey
summary at GB
meeting**

MOU History and Significant Amendments

2003

- Developed and signed MOU

Amended

2011

- Increased the number of Governing Board (GB) voting members
- Expanded local watershed membership on GB and authorized the GB to elect additional members of the public
- Expanded role of local Councils of Governments on the Governing Board
- Established the Watershed Advisory Council (WAC) and specified manner of annual WAC meetings

Amended

2014

- Removed requirement for amending MOU to add WAC members

Why Amend the MOU?

Summary of Comments to Date

- Strong support of the activities and operation of the current SMBNEP Management Conference and desire to remain active and involved.
- Current structure is effective overall for a resource-limited program, mostly attributed to the collaboration and partnerships among participating stakeholders.
- Need to assess and modify governance components to improve their contributions to the Management Conference and reduce administrative inefficiencies.
- Need to improve efforts to raise funds, make policy, educate stakeholders, and communicate decision-making.

Proposed Process and Schedule for Updating the MOU

Milestone	2019 Date
Scoping at the Governing Board Meeting	June 20
Staff prepares a draft markup of the MOU and releases it for GB/public comment	~July 29
Staff workshop to discuss draft language	August 15
Written Comments Due	August 22
Staff incorporate comments and release revised draft with Response to Comments	October 14
Governing Board consideration of approval*	October 24

*The Governing Board may direct staff to make additional revisions during this meeting or conduct another public comment period.

Goals

Update and clarify the composition, roles, responsibilities, policy, and practices of Commission groups

Improve the ability to implement the newly adopted Action Plan

Enhance the SMBNEP partnership to serve effectively as the Management Conference of the SMBNEP

Streamline processes and improve program efficacy

Scoping the Proposed MOU Amendment

- 1) Update the Commission's mission, objectives, authorities, and purpose statements.
- 2) Assess the Governing Board membership.
- 3) Define and enhance the partnership between the Commission and the NEP host entity.
- 4) Assess and further define the leadership role of the Executive Committee.
- 5) Reform the mechanism for conducting outreach to, and receiving input from, the broader stakeholder community.
- 6) Identify opportunities to streamline processes and improve program efficacy.
- 7) Assess need for special committees to address targeted issues.
- 8) Non-substantive changes
- 9) Other items for staff to consider

Scoping the Proposed MOU Amendment

- 1) Update the Commission's mission, objectives, authorities, and purpose statements to reflect new priorities identified in the newly-adopted CCMP

Scoping the Proposed MOU Amendment

2) Assess the Governing Board membership. Options may include:

- Add entities to the GB
- Reduce the number of GB members
- Keep the current composition

Scoping the Proposed MOU Amendment

3) Clearly define and enhance the partnership between the Commission and the NEP host entity (TBF).

- Consider adding to the MOU the Commission's authority to select and enter an agreement with a host entity to ensure effective implementation of the CCMP

Scoping the Proposed MOU Amendment

4) Assess and further define the leadership role of the Executive Committee

- Consider adding to the MOU the membership, roles, responsibilities, and meeting schedule of the Executive Committee

Scoping the Proposed MOU Amendment

- 5) Reform the mechanism for conducting outreach to, and receiving input from, the broader stakeholder community. Options may include:
- Replace the WAC with a new Public Advisory Committee
 - Dissolve the WAC and replace the WAC meetings with time allotted during regular GB meetings
 - Dissolve the WAC and replace the WAC meetings with annual or bi-annual public workshops

Scoping the Proposed MOU Amendment

6) Identify opportunities to streamline processes and improve program efficacy (i.e., evaluate meeting frequency and duration).

Scoping the Proposed MOU Amendment

7) Assess need for special committees to address targeted issues.

- Consider adding to the MOU the Commission's authority and procedure to form special committees to address issues such as fund-raising, habitat-specific restoration planning, and outreach

Scoping the Proposed MOU Amendment

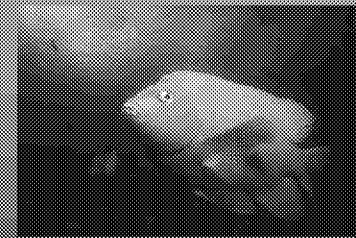

8) Non-substantive changes

- Consider fixing typographical errors and outdated provisions regarding number of GB members and voting eligibility, etc.

Scoping the Proposed MOU Amendment

9) Are there other items for staff to consider when drafting the proposed MOU amendment?

Next Steps*

Milestone	2019 Date
 Scoping at the Governing Board Meeting	 June 20
Staff prepares a draft markup of the MOU and releases it for GB/public comment	~July 29
